**Subject:** appeal of Whiteside et al re their good standing

George, Shayne,

As you probably know by now, I left a phone message for George Thursday asking for his email address so I could send him an advance copy of the appeal I expressed to the two of you and to Ron Gettelfinger on Thursday.

I sent it by next-day delivery. But because of the Easter holiday combined with you being not in Michigan combined with you having a post office box not a street address, the guy at my post office told me you might not get it till Monday even if I waived a signature.

Then I found your email addresses on the Local 3520 website, <http://www.uawlocal3520.org/>.

Accordingly, to speed your receipt of the appeal, and to make it easier to forward to other members of your executive board, I enclose it.

There are three .pdf documents attached. One is a two-page cover letter to Ron Gettelfinger. The second is the 20-page body of the appeal, addressed to the IEB. The third is the 46-page package of chronologically-ordered exhibits accompanying the appeal.

Please note that the appeal and cover letter ask that the local provide to President Gettelfinger the customary "complete statement of the matters at issue" within two weeks of receipt of the appeal. Being that I am sending this after the close of business today, I will consider that the two weeks begins Monday, March 24, the day you will each also receive the copy from the post office.

Please call, write, or email if there is any question. Thank you.
